Spring Heart Valentine

Make a cute Valentine for your special someone, or keep it as your own.

Supplies required:

- Red, pink, purple foam sheets
- Pipe cleaners
- Marker
- Tissue
- Eyes
- Yarn
- Glitter
- Hole punch
- Children's white glue

Cut out four small pink hearts for hand and feet. Cut out a red heart the same size for face.

Cut a larger purple heart for head and a big heart for the body.

Spread glue onto body and crumple up tissue flowers. Spread glue onto the hands and feet and shake with glitter.

Glue the red face onto the purple heart. Place on eyes, draw mouth and glue on yarn for hair.

1. Use your hole punch-to-punch holes to attach the arms and feet to the body. Place one hole at the bottom of your pink hearts then punch the body where you want to attach the arms. Wrap the pipe cleaner around your finger to make the spring and twist ends through holes to attach.
2. Repeat for the head and neck attachment.
